Dear Pastor:

Here is my promotional packet for the meeting with you. There are some text sheets that will help you to get to know me better and as you introduce me to your people. The glossy sheets printed in black are primarily for newspaper ads and for you to cut and paste for your own promotional pieces. The pictures of me on those sheets are a good reproductive resolution for most printers and copiers.

I have included a few pictures of me for you to use any way you would like, perhaps putting them on various bulletin boards around the church. The radio flyer should be of help as you contact radio and television stations for interviews, and will be a good introduction into the schools and civic clubs where I speak on motivation. These will all be good opportunities to promote the meeting in your community. You will find many pieces that will be useful as you prepare for and promote for a fantastic meeting, but I don't have to tell you, when we don't promote, something strange always happens: NOTHING.

Don't hesitate to call me with any questions or ideas you would like to run by me. Please plan to keep me busy while I am with you. I can rest at home between meetings, I come to work with you to help you reach people, and I do not like sitting around. I will speak at any and every opportunity that you can find that we might reach the lost and left in your area. Thank you for asking me to serve with you.

It's Fun Being Saved!
